Re. Consent under Part 8 for extended boardwalk, new gangway and new pontoons with canopy's

To Whom It May Concern,

It is understood that Dublin City Council ("DCC") are to seek planning permission for an extended boardwalk, new gangway and new pontoons with canopy's which will be operated in connection with the use of the new Quayside Buildings, and will function as a hub for the water tours and other water based-based activities taking place on the River Liffey. This is to be delivered adjacent to the New Quayside buildings at Custom House Quay.

As part of the development DCC must undertake the work over the waterway controlled by Dublin Port Company ("DPC").

DPC consents to DCC pursuing the planning permission. This is subject to further details to be provided by DCC.

Yours faithfully,

Cormac Kennedy,
Head of Property
