Make a submission:

We are a club representing the GAA and Gaelic footballers from aged 4 up , boys and girls from Dublin 6, 6w, Dublin 8 & Dublin 12.

Our view is that spaces large enough to supply a community with full size GAA Pitches should be retained and supplied to the sporting organizations such as us who supply sporting outlets to the community.

Our club has grown significantly and we have now a stern focus to grow our emphasis on Dublin 8. The area badly needs pitches. And it badly needs us to be able to provide sporting outlets for the children.

Other smaller sites around the edges etc. can be developed of course on the site and fully optimized to alleviate housing issues in the city but anything the size of a full football pitch should only be developed into ideally full size all weather playing surface for competitive matches , training , exercise drills and the cross pitches can be used for juvenile games.

Naturally a basic toilet and changing room facility would also be required.

Kind regards ,

Brian Kelly
