The drawing shows a new 2.5m wide two way protected cycle track on the north side of East Wall Road protected by a kerb. The two way cycle track ends at the junction of East Road. A right turn facility is provided to allow cyclists to turn from East Wall Road to East Road.

A new toucan crossing is provided on East Wall Road, southeast of the junction with East Road.

A new School Zone treatment for St Joseph’s Primary School is provided. This includes the installation of flashing school warning signage, coloured road surfacing and road markings.
