

Drawing showing the proposed layout for new cycle lanes on Griffith Avenue. Between Grace Park Road and Turlogh Parade it shows there is two way traffic and cycle lanes on both sides of the carriageway. A 2.0m cycle lane is shown on both sides of the carriageway east of the junction with Calderwood Road.

The cycle lane narrows to 1.5m at the approach to the junction with Philipsburgh Ave to accommodate the right filter turn.

A physical buffer consisting of vertical wands is provided between the cycle lane and traffic lane. Footpaths remain as they are currently.
