

Feedback	Response
Concerns from two residents across the road from school that pedestrian crossing will impact access to/from driveways	Yellow boxes not customary outside individual residences. The team will monitor requirement for yellow box outside residences.
Concerns from resident of Esker Villas about access to/from driveway. Suggests yellow box outside same	Will monitor requirement for yellow box outside residences.
Requests for build outs or traffic signals at junction of RRU and Church Avenue	Future plans for this.
Requests for improved cycling infrastructure	Active Travel plans/consultation expected.
Request for scheme to go as far as junction with York Road with bollards or build-out on the corner	Beyond scope of project.
Concerns of one household about noise from beeping at pedestrian crossing and requests that beeping be restricted to school-going times	Crossing cannot be restricted to school times but crossing will only beep when pressed, as opposed to each traffic light change.
Request to move bollards from near driveway of 99 RRU as will affect access to driveway (and required parking on path by visitors/deliveries)	Enough space given to enter and exit driveway.
Suggestion of planters where road to be narrowed	Concerns about upkeep of planters as no funding available for same.
Suggestion of sheffield stands at junction of York Road and RRU	Beyond scope of project.
Request for footpath to be widened outside school	Beyond scope of project.
Suggestion of additional bollards north of the Turrets (apartments) as parents also park there	On-street parking on both sides of the road north of the Turrets making bollards unfeasible.
