Re: Consent to make application for alterations to the Royal Canal in Part 8 application

Dear Sirs,

It is noted that Dublin City Council intends to submit an amending Part 8 planning application in respect of the Royal Canal Greenway Cycle and Pedestrian Route Phase 4, which includes alterations to property owned and managed by Waterways Ireland along the Royal Canal between Lock 5 Phibsboro and Lock 10 Ashtown.

Waterways Ireland notes the proposals as set out in drawings received from designers for the Council. Waterways Ireland consents to the inclusion of these proposals in the Part 8 application.

Yours faithfully,

Mervyn Hamilton
Senior Engineer, Operations
Royal Metro Naas Area
